

Paper Boat

1

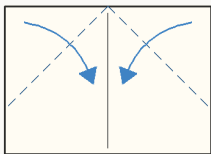

Start with a rectangle sheet, standing tall

2

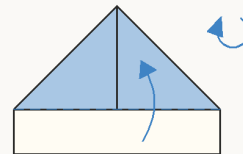

Fold it in half, top to bottom

3

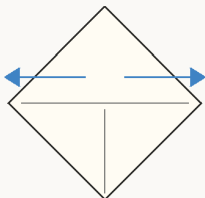

Fold both top corners to the middle line

4

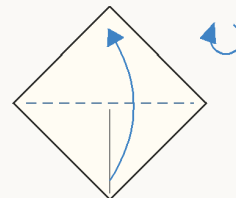

Fold the front strip up, flip, do the other

5

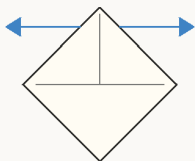

Open the bottom and flatten: now a diamond

6

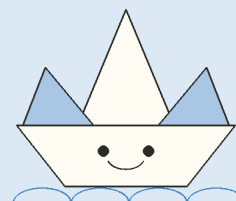

Fold the front point up, flip, same behind

7

Open again and pull the tips to the sides

8

Done! Your little boat is ready to sail
